

LIFTCOIN

Whitepaper

Prepared by the LiftCoin team.

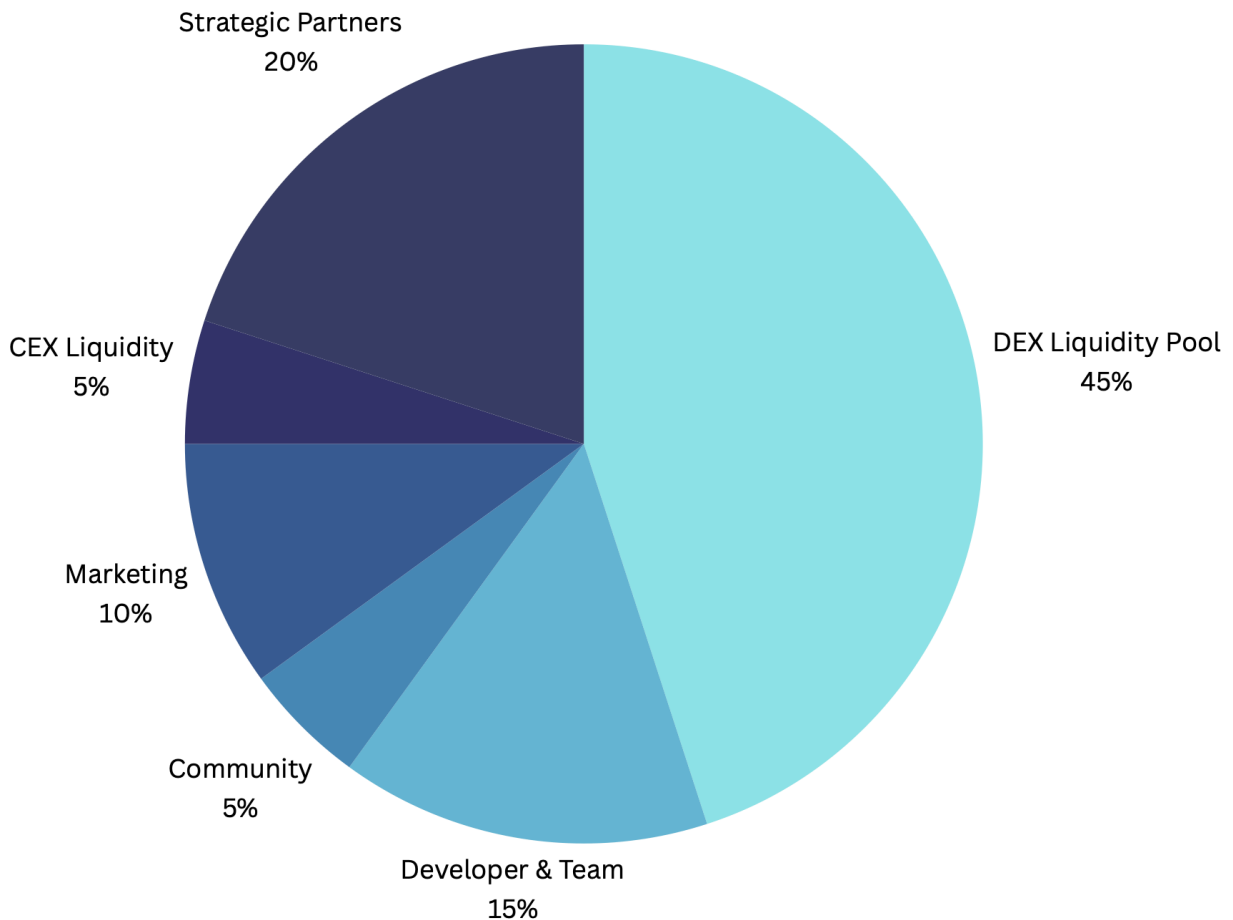

1. Introduction

LiftCoin (\$LIFT) is the ultimate meme coin for gym-goers and fitness enthusiasts. Created to harness the power of the fitness community, LiftCoin brings the gym grind to the world of crypto.

2. Vision

Our mission is to unite fitness lovers and crypto enthusiasts in a fun, community-driven movement. \$LIFT is more than a memecoin; it's a symbol of the passion and dedication shared by those who strive for progress every day, both in the gym and in life.

3. Tokenomics

Development Team = 6.25% Creator, 6.25% Chief Engineer, 2.5% Marketing and Growth Officer. Community includes airdrops, contests and future gamification. CEX listing allocation includes 2% to add potential utility during Phase 3.

4. Why Choose \$LIFT?

- Community Centric: \$LIFT celebrates the dedication of those who work hard, embrace progress, and enjoy the journey.
- Synergy of Fitness and Crypto: Both the fitness and crypto communities are amongst the most passionate in the world. When these communities merge towards a common goal, the sky's the limit!
- Future Possibilities: While \$LIFT launches as a memecoin, the potential for future innovations is limitless. Possible developments include rewards for workouts, gamified fitness, and partnerships with fitness brands, health club chains, and wearable tech companies.

5. Roadmap

Phase 1: Launch and Community Building

- Deploy \$LIFT on the Solana blockchain.
- Lock token minting (no additional \$LIFT can be created).
- Launch the official website, liftcoin.io, alongside a Telegram channel and X account to onboard the community.
- Build liquidity and list \$LIFT on decentralized exchanges (DEX).

Phase 2: Growing the Lifting Movement

- Collaborate with fitness influencers and strategic fitness industry partners to amplify \$LIFT awareness.
- Execute a grassroots marketing campaign across gyms and health clubs in the U.S., using QR codes and branded apparel to attract attention and drive traffic to LiftCoin platforms.

Phase 3: Explore Future Possibilities

- Evaluate potential functionalities like fitness rewards or gamified workouts.
- Investigate partnerships with gyms, fitness apps, and wearable tech companies to enhance \$LIFT's ecosystem.

6. Call to Action

Are you ready to \$LIFT? Join the LiftCoin community today and become part of the movement where fitness and crypto unite!
